# Information for people with walking difficulties and wheelchair users

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- There are many designated parking spaces for people with disabilities.
- Xanten train station is approx. 800 m away.
- Almost all rooms and facilities that are accessible to guests are step-free/at ground level or accessible via a ramp. Individual exhibits are only accessible via steps.
- There are no slopes with a gradient of more than 10%.
- All doors/passages and paths that are accessible to guests are at least 70 cm wide. This does not apply to individual passages in the park.
- Most exhibits and information are visible while seated.
- The ticket counter is 96 cm high. There is an alternative option for communication while seated.
- Seating is available.
- There are public restrooms for people with disabilities, which are accessible from at least one side (at least 80 cm). There are folding grab bars to the left and right of the toilet.
- Guided tours are offered for people with walking disabilities and wheelchair users. Advance registration is required.
- Mobile or fixed seating is available for people with walking disabilities, which can be used during the tour.

# Information for people with hearing impairments and deaf people

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- There is no audio induction loop system available.
- Information about the exhibits is provided in writing or in photorealistic form.
- Seating is available.
- Guided tours are offered for people with hearing impairments and deaf people (in German sign language). Advance registration is required.

# Information for visually impaired and blind people

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- Assistance dogs are welcome.
- Signage (for orientation) is designed in easily legible, high-contrast font.
- All elevated areas accessible to guests are brightly lit without glare.
- The entrance area is designed with high visual contrast.
- Steps do not have high-contrast edges.
- Stairs have at least one handrail on one side.
- Information about the exhibits is visually high-contrast.
- Information is not available in relief or Braille.
- Guided tours are offered for people with visual impairments and blind people. Advance registration is required.
- During the tours, exhibits are integrated for touching.

# Information for guests with cognitive impairments

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- The name of the park is clearly visible from outside.
- The destinations of the paths are within sight, or there are path markers at a constantly visible distance.
- There is no information in easy language.
- Guided tours are offered for people with cognitive impairments. Advance registration is required.
- The content (e.g., exhibits) of the guided tour for people with cognitive impairments is easy to understand or is explained in an easy-to-understand manner (e.g., pictorially).

# Image Gallery

## Information on the "Tourism for All" labeling system

All establishments and locations certified with the label "Tourism for All" meet the following quality criteria:

- Data and information on accessibility are collected and checked on site by **external, specially trained evaluators**. The method is not based on self-assessments.
- Data on accessibility is available **in detail** and can be viewed by the guests.
- At least one staff member has successfully passed a **training** on "**Accessibility as a comfort and quality feature**".

### The labeling – explanation of the logos and pictograms

The label "**Information about Accessibility**" indicates that detailed and verified information on accessibility is available for all groups of people.

The label "**Accessibility certified**" is based on "Information about Accessibility". It means that the quality criteria defined for specific groups of people are met partially or completely.

The label "**Accessibility certified**" is available in two requirement levels:

#### "Accessibility certified: partially accessible".

The quality criteria are partially fulfilled for the pictured group of people, i.e. the establishment/location is partially accessible for wheelchair users. The "i" in the pictogram indicates that it is recommended to read again carefully whether the offer meets all (your oder the guest's) individual requirements.

#### "Accessibility certified: accessible".

The quality criteria are fulfilled for the pictured group of people, i.e. the establishment/location is accessible for wheelchair users.

There are defined quality criteria for **seven groups of people** and a **specific pictogram** for each group.

People with walking disabilities

Wheelchair users

People with hearing impairment

Deaf people

People with visual impairments

Blind people

People with cognitive impairments
